**ITEM 6****EXPLANATION OF REFERENCE MARKS**

- For explanation of reference marks not explained in individual items, see concluding pages of this tariff, as amended.

**ITEM 8****METHOD OF AMENDING RATE BASES**

- Rate basis number(s) published in partially amended items in a supplement to this tariff, cancels and supersedes the rate basis number(s) published between the same points in the original tariff or a prior supplement.

**ITEM 10****STATION LISTS AND CONDITIONS**

- This tariff is governed by the Official Railroad Stations List OPSL 6000 Series, to the extent shown below:

**PREPAY REQUIREMENTS AND STATION CONDITIONS**

- For additions and abandonments of stations, and except as otherwise shown herein, for prepay requirements, changes in names of stations, restrictions as to acceptance or delivery of freight, and changes in station facilities.
- When a station is abandoned as of a date specified in the above named tariff the rates from and to such station as published in this tariff are inapplicable on and after that date.

**GEOGRAPHICAL LIST OF STATIONS**

- For geographical locations of stations referred to in this tariff by station numbers.

**STATION NUMBERS**

- For the identification of stations when stations are shown or referred to by numbers in this tariff.

**ITEM 20****REFERENCE TO TARIFFS, ITEMS, NOTES, RULES, ETC**

- Where reference is made in this tariff to tariffs, items, notes, rules, etc, such references are continuous and include supplements to and successive issues of such tariffs and reissues of such items, notes, rules, etc.
- Where reference is made in this tariff to another tariff, such reference applies also to such tariff to the extent it may be applicable on intrastate traffic or traffic to, from or through Canada.

**ITEM 40****CONSECUTIVE NUMBERS**

- Where consecutive numbers are represented in this tariff by the first and last numbers connected by the word "to" they will be understood to include both the numbers shown.
- If the first number only bears a reference mark, such reference mark also applies to the last number shown and to all numbers between the first and last numbers.
- Reference marks consisting of an overscored and underscored letter or number (or letter and number) connected by hyphens are not to be considered consecutive numbers, and only those reference marks actually shown will have application in connection with the provisions to which they are attached.

**ITEM 75****METHOD OF CANCELLING ITEMS**

- As this tariff is supplemented, numbered items with letter suffixes, cancel correspondingly numbered items in the original tariff or in a prior supplement. Letter suffixes will be used in alphabetical sequence starting with A. Example: Item 445-A cancels Item 445, and Item 365-B cancels Item 365-A in a prior supplement, which in turn cancels Item 365.
- The latest publication of Item 2.20 cancels any prior issue of Item 2.20.

**ITEM 100****METHOD OF DENOTING REISSUED MATTER IN SUPPLEMENTS**

- Matter brought forward without change from one supplement to another will be designated as "Reissued" by a reference mark in the form of a square enclosing a number the number being that of the supplement in which the reissued matter first appeared in its currently effective form.
